State Subprime Foreclosure Starts (2003-2007)

Note: Original CRL projections of subprime foreclosures and spillover impact updated to reflect newer estimates of subprime defaults as reported by Merrill Lynch (The Market Economist, December 14, 2007) and Moody's Economy.com (<http://judiciary.house.gov/media/pdfs/Zandi080129.pdf>). Additionally, foreclosure estimates calculated using outstanding subprime loans reported by the MBA in its 3Q 2007 National Delinquency Survey; latter is also the source for the subprime foreclosure starts. Spillover results do not include areas outside of metropolitan statistical areas.
