ALL CALCULATIONS CONTAINED IN THIS FACT SHEET are CRL’s using the most recent data available as of August 2021 for the College Scorecard (U.S. Department of Education). (Note: this data does not reflect enrollment/performance in the pandemic period.) Enrollment shares for low-income, African-American, and female students sum enrollment for all for-profit undergrad schools in the state and compare them to the combined sum of enrollment at public and private nonprofit undergrad schools for each of the demographic categories. Measures shown in each chart are unweighted averages for all institutions of a certain college type (Public 4-Year, Private 4-Year, For-Profit 4-Year), excluding undergrad institutions with fewer than 100 undergrads. www.responsiblelending.org
